ABOUT ME

As an ambitious, hard-working, and highly organized individual, I am seeking an entry-level position to begin my career in a challenging, high-level, and professional environment to gain practical experience, knowledge, and skills.

WORK EXPERIENCE

MERN Project
Home / Wadi ad-Dawasir / Jun 2021 - Present

I have made many projects with JavaScript by React for the frontend, Nodejs, and Express for the backend, MongoDB as a database.
My projects on GitHub:
- Blog App
- eCommerce App
- Todo App
- RoboFriends App

Field Engineer
Hudaif Company / Wadi Ad-dawasir / Apr 2016 - Jun 2021

I learned a lot of skills and performed a variety of tasks during my work in the company in the past five years, including office tasks and field tasks in various locations.
The office tasks consisted of preparing reports, planning the weekly agenda, studying and planning work in terms of materials and wages.
As for the field tasks, they varied between managing the field teams, distributing them to the sites, and following up on the progress of work to complete it as soon as possible.

Civil Engineer
Manwa Company / Wadi Ad-dawasir / Nov 2015 - Apr 2016

I worked in Menwa Company as a field supervisor on three construction projects affiliated to the governorate's municipality.
I was following the workflow and following up on the foremen and construction workers to get the job done every day.
